An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

At line 2 of page 1 of the instant specification insert:--This application is a 371 of PCT/SE04/01003, filed 23 June 2004.--

In claim 4, line 5, replace "mentioned above", with:--as defined in claim 1--.

In claim 15, line 4, replace "10" with:--11--.

These amendments correct only obvious editorial errors and do not materially affect the scope or meaning of the instant claims.

The following is an examiner's statement of reasons for allowance: The '101 patent, representing the closest prior art, fails to teach or suggest the improved setting and cohesion building from use of the particular salts of the instant claims as compared to those of the broad disclosure of the reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David M. Brunsman whose telephone number is 571-272-1365. The examiner can normally be reached on M, Th, F, Sa; 7:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on 571-272-1362. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
